

COSMETOLOGY

CERTIFICATE OF PROFICIENCY

(Secondary)

This program provides students an opportunity to apply Cosmetology practices and principles in a simulated salon environment. Upon successful completion of the program, students will be eligible to take the Arizona State Board of Cosmetology Examination.

COSMETOLOGY

ASSOCIATE OF APPLIED SCIENCE

(Postsecondary)

After acquiring the Cosmetology Certificate of Proficiency, students can apply the credits earned towards a Cosmetology Associate of Applied Science degree. Students can earn the degree by taking an additional 18 General Education credits which are transferable to a university and two elective credits.

Salary Range: *Depending upon the soft and technical skills of the stylist, average salary ranges from \$9 per hour to about \$700 per day.*

Funding provided to support these programs through Carl Perkins Basic Grant and Eastern Arizona College. For more information, visit www.eac.edu/about_eac/perkins.

WHAT IS PROGRAMS OF STUDY?

A guide for high schools, parents, and students to utilize outlining high school-to-college academic and career education coursework for various Career and Technical Education (CTE) programs funded through the Carl Perkins Grant.

The Programs of Study must lead to an industry-recognized credential or certificate at the college level, or an associate or baccalaureate degree.

WHAT ARE THE BENEFITS?

- Students are provided a path to follow to meet their educational/career goals.
- Students may receive college credit for courses taken at the high school (i.e. dual enrollment).
- Students have the potential to earn certification, licensure, and/or a degree sooner than students who begin their educational goals post-high school.
- Helps students avoid taking unnecessary college courses, saving time and money.
- Provides parents an opportunity to be involved in their child's education.

HOW IS THIS MADE POSSIBLE?

Through the collaboration of the Eastern Arizona Programs of Study Consortium - local high schools, Gila Institute for Technology (GIFT), Eastern Arizona Academy of Cosmetology (EAAC), and Eastern Arizona College (EAC).

HOW DO I ENROLL?

Interested students must contact the Gila Institute for Technology Office at (928) 348-3393 to apply for acceptance into the GIFT Program. Once accepted, the student should contact the Eastern Arizona Academy of Cosmetology at (928) 348-8878 to apply for acceptance into the Academy.

WHAT COMMITMENTS ARE REQUIRED OF THE STUDENT?

The Cosmetology Program is a 1,600 hour program. Classes begin the last week of July or the first week in August and end the following June. High school students meet four hours a day, five days a week, and eight hours a day on a minimum of one Saturday per month during the regular school year. GIFT students follow the full-time schedule until high school classes commence (mid-August). Once high school classes have ended (late May), they will again resume the full-time schedule until the Academy closes in June.

Students are financially responsible for purchasing a student kit from the Eastern Arizona Academy of Cosmetology.
